

PERSONAL DEVELOPMENT PROGRAMME

For supervisors, first-time managers and people seeking a strong foundation in good people-management practice. Applicable to all business sectors, public service and charities.

OPEN TO ALL

This programme, comprising 6 one-day workshops over 5 months, 360 feedback and opportunity for coaching, is designed to develop supervisors and junior managers. The programme is relevant for managers in all fields of work.

PRACTICAL APPLICATION

The purpose of the development programme is to bring the learning to life in the workplace - with immediate results! The modules are focused on issues that are essential for effective day-to-day work, especially for junior and aspiring managers.

LEARNING COMMUNITY

We believe that learning together rather than remotely provides the best results. Hearing other people's perspectives, adding your own and being able to apply 'real life' scenarios provides a good basis for development - and is more fun, too!

RESOURCES

Our engaging and experienced local tutors will provide you with the depth of insight that you need, including research, practical tools that can be applied in your workplace and further recommended reading.

RECOGNISED

The Personal Development Programme is recognised by ILM. Each learner will be ILM registered and will receive an ILM digital credential (administered by Accredible) on successful completion of the programme.

COURSE OUTLINE

Six one-day training sessions and a half-day review. A 360 feedback model is used prior to and post the programme to aid self-awareness and to give feedback on the individual's development over the period of the course. Each module requires a reflective assignment, orientated to the workplace.

The modules are:

- 1) Assertiveness: Communicate with Clarity.**
- 2) Delegation: Exploring the Supervisory role.**
- 3) Managing Time and Pressure.**
- 4) Staff Development: Continual Growth in the Workplace.**
- 5) Dealing with Conflict.**
- 6) Personal Effectiveness - What have I got and how can I use it?**

Workplace assignments form part of the learning process, ensuring that delegates are able to immediately apply the concepts and discovery to their day to day management practice.

The Certificate of completion requires adequate attendance and completion of all 6 assignments to 'achieved' standard.
